FLIGHTB16  
Sit-stand bench

| Code      | Description                | Dimension (W,D) |
|-----------|----------------------------|-----------------|
| FLIGHTB12 | Sit-stand bench (2 person) | 1200 x 1600     |
| FLIGHTB14 | Sit-stand bench (2 person) | 1400 x 1600     |
| FLIGHTB16 | Sit-stand bench (2 person) | 1600 x 1600     |
| FLIGHTB18 | Sit-stand bench (2 person) | 1800 x 1600     |

#### Additional Features

To create a unified row of benches, order our end leg shroud which doubles as integrated vertical cable management. A linking plate will ensure the same spacing between banks of Flight benching.

| Code         | Description        |
|--------------|--------------------|
| FLIGHTSHRD   | End Leg Shroud     |
| FLIGHTLINK   | Linking Plate      |
| FLIGHTINFILL | Metal Infill Panel |

#### FEATURES

- Scallop top for IT access as standard
- Fitted with collision detection technology as standard.
- Electric height adjustable option 650-1300mm inc. a 25mm desktop
- Cable trays
- RAW frame finish comes with black actuators as standard.

#### ADDITIONS

- A range of screen solutions to suit
- Both infill options require an inner steel panel to be fitted to the inside of the leg creating a void between the inner and outer panels which doubles as a mass cable riser
- The mass cable shroud is a neat and tidy way to convey unsightly power and data cables from the floor into the lower horizontal cable tray
